

Infrastructure & Operations for a Flourishing Creative Economy

Improving economic, personal and cultural outcomes for individuals and organizations.

THE PROBLEM

Creatives and local businesses both lose, because nothing connects them.

CREATIVES

Three jobs

The creative work is the one that doesn't pay.

Posting into the void

Instagram, hoping to be noticed.

Alone

No table, no peers, nobody asking.

Not worthy

The story they start to believe.

No bridge

Talent can't find work.
Businesses can't find talent.

BUSINESSES AND ORGANIZATIONS

Can't find local talent

No trusted way to find, vet and pay creatives.

Empty rooms

Slow nights, and nothing to draw people in.

Sponsorship with no return

Sponsors can't see where the money went.

Generic places

Nothing local, so nothing to come back for.

THE SOLUTION

We enable creative communities to support themselves and step up to their opportunities.

Financial

Paid work, project backings, fellowships, greater opportunities.

Social and emotional

Belonging, a community that knows your name, peers.

Cultural

Work that shows up in the city: stages, walls, screens, places of work.

COMMUNITIES, RUN BY THEIR OWN PEOPLE

The Table Art Society

Abiding Practice

Temple

Churches

Partner networks

Cultural districts and the city

Classes

Events

Fellowship programs

Portfolios

IMPACT ON THE CREATIVE CLASS

Flourishing is three things you can measure in a person's life.

FINANCIAL

Greater opportunities and dignity of work

Paid work with the pay stated up front. Project backings where 90% reaches them. Fellowships that buy time.

SOCIAL AND EMOTIONAL

Belonging

A community that knows your name, in person and online. A seat someone can cover. Communities led by their own people, so the room looks like the city.

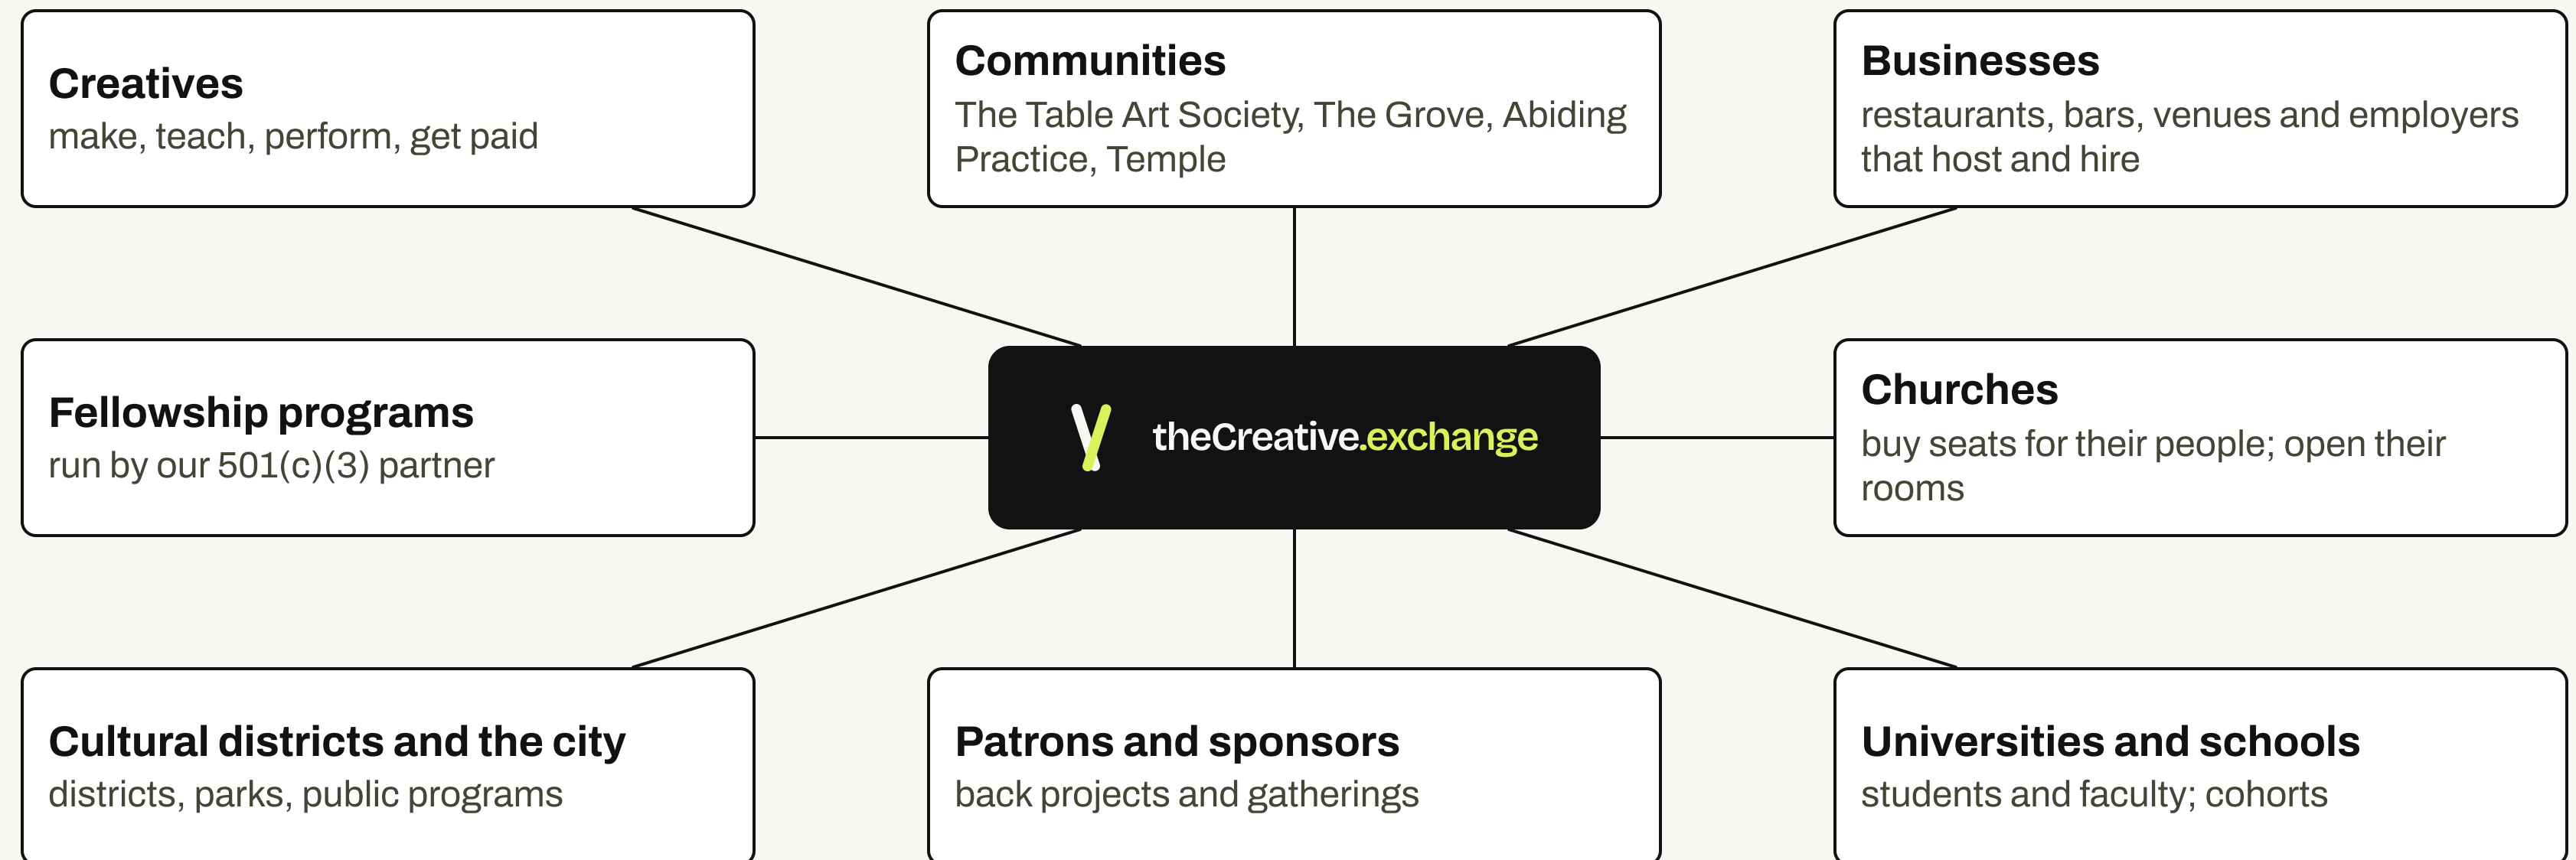

CULTURAL

Agency

They own the portfolio, the audience and the work. Their work shows up in the city.

WHO IT SERVES

The infrastructure and engine for the arts and business in a city.

Every constituent pays for what it gets and sees where the money went.

REVENUE MODEL

Multiple commerce streams.

Gifts to the fellowship program go to our 501(c)(3) partner and are reported separately from company revenue.

MARKET

Millions of creatives. We start with 35,000.

TAM	4 to 5 million	US creatives who work for pay, plus the people who make music, film and design in 373,000 churches
SAM	About 35,000	San Diego's working creatives, its church creatives, and the national networks we have mapped
SOM	5,000–10,000	members in three years: at least 3,000 paying individuals, the rest seats bought by organizations for their stakeholders

Organizations buying seats for their stakeholders: about 20% of revenue.

THE BUSINESS

Two tracks. \$1.5M platform revenue and breakeven in year five, on today's prices.

- Garden track: our house community
- Exchange track: partner communities

Transactions: 10% of memberships, backings and classes

Seats and plans: churches, organizations and communities pay for the platform

Sponsorships and program fees

Base case · the funded case reaches \$1M in year three and \$5.3M in year five · full model on request

WHERE IT STANDS

Soft-launched September 28. Public kickoff November 6.

30

creatives enrolled on the waitlist in the first days.

2

communities live, with partner organizations:

The Table Art Society, The Grove, Abiding Practice, Temple

Nov 6

Kickoff in the Christian arts community: "The Creative Economy We All Need" at Lightchurch, Encinitas.

Funded work on stage, backing from your phone in the room, a benefit for the fellowship program.

Live now: profiles, projects, paid work, events with public RSVP, communities and classes, covered seats, program pages, backing checkout on Stripe.

How we validate impact, every six months.

Outcome	What we count	Validated at 18 months
Creatives	Dollars paid to creatives · creatives paid · active individuals	1,100 active growing 3x a year to 3,000+ by year three
Belonging	Active members · retention · belonging survey, before and after	90% net revenue retention · belonging score up from baseline
Diversity and agency	Who leads and who gets paid, by discipline and neighborhood	Baseline set in the first report, then tracked
Local economy	Business-owner survey · dollars transacted with local businesses through the exchange	Baseline set, then growing

THE ASK

\$350,000 SAFE.

It funds

First community and partnerships hires, partial founder salary, payments and legal work.

It proves

Thirty communities, 3,000+ paying individuals and 5,700 members by year three; impact report every six months.

Alongside

Program grants to our 501(c)(3) partner, seat packs from churches and organizations.

Covers the Base case's \$286k peak cash need • the funded case is profitable in year three

THE PEOPLE

Two founders and an advisor with a record of building businesses and communities.

Rick Moy

Product & Business

Multi-exit founder, technologist, community builder, investor.

Haley Dall

Community & Programs

Five years running an artists' care organization. Fifteen years a touring musician. Community builder.

Patricia Sinay

Community & Programs Advisor

Thirty years of civic and community growth.
